

Safety Recommendations

Our technician will generally install our units but we feel it is Important that you are aware of our safety rules.

1. Do not connect unit to any a/c socket in disrepair or with loose connections.
1. Do not use in the following locations:
 - next to a source of fire
 - an area where oil is likely to splash
 - an area where water is likely to splash
 - an area exposed to direct sunlight
3. Never insert your fingers or any foreign objects into the air outlet. Take special care to warn children of these dangers.
4. Always store the unit upright in order to maintain the compressor on a proper condition.
5. Be sure to unplug the unit before cleaning.
